

TASK 1 — BACKUP AND DISASTER RECOVERY PLAN

Purpose

To ensure company data can be recovered after:

- Hardware failure
- Accidental deletion
- Cyberattacks
- Ransomware
- Natural disasters

Backup Schedule

Backup Type	Frequency	Storage Location
Incremental Backup	Daily	NAS Device
Full Backup	Weekly	NAS Device
Archive Backup	Monthly	Cloud Storage

Recovery Objectives

Recovery Time Objective (RTO)

Maximum acceptable downtime

4 Hours

Meaning systems should be restored within 4 hours.

Recovery Point Objective (RPO)

Maximum acceptable data loss:

24 Hours

Meaning only one day's work can be lost.

Recovery Procedure

1. Identify failure
2. Assess impact
3. Restore backup
4. Verify data integrity
5. Resume operations
6. Document incident
